4. If after such notice and hearing the court determines that the dwelling, building, or structure in question is unfit for human habitation or is unfit for its current commercial, industrial, or business use and not in compliance with applicable codes, is vacant and being used in connection with the commission of drug crimes, or constitutes an endangerment to the public health or safety as a result of unsanitary or unsafe conditions, the court shall state in writing findings of fact in support of such determination and shall issue and cause to be served upon the owner and any parties in interest that have answered the complaint or appeared at the hearing an order:

- (a) If the repair, alteration, or improvement of the said dwelling, building, or structure can be made at a reasonable cost in relation to the present value of the dwelling, building, or structure; requiring the owner, within the time specified in the order, to repair, alter, or improve such dwelling, building, or structure so as to bring it into full compliance with the applicable codes relevant to the cited violation; and, if applicable, to secure the structure so that it cannot be used in connection with the commission of drug crimes; or
- (b) If the repair, alteration, or improvement of the said dwelling, building, or structure in order to bring it into full compliance with applicable codes relevant to the cited violations cannot be made at a reasonable cost in relation to the present value of the dwelling, building, or structure; requiring the owner, within the time specified in the order, to demolish and remove said dwelling, building, or structure and all debris from the property.

For purposes of this section, the court shall make its determination of reasonable costs in relation to the present value of the dwelling, building, or structure without consideration of the value of the land on which the structure is situated; however, the costs of the preparation necessary to repair, alter, or improve a structure may be considered. The income and financial status of the owner shall not be a factor in the court's determination. The present value of the structure and the cost of repair, alteration, or improvement may be established by affidavits of real estate appraisers with a Georgia appraiser classification as provided in Chapter 39A of Title 41 of the O.C.G.A., qualified building contractors, or qualified building inspectors without actual testimony presented. The cost of repair, alteration, or improvement of the structure shall be the total cost necessary to bring the structure into compliance with the applicable codes relevant to the cited violations in force in the jurisdiction.

5. If the owner fails to comply with an order to repair or demolish the dwelling, building, or structure, the County Code Enforcement Officer may cause such dwelling, building, or structure, to be repaired, altered, improved, to be vacated and closed, and/or demolished, as provided in said order. The County Code Enforcement Officer shall cause to be posted on the main entrance of the building, dwelling, or structure a placard with the following words:

“This building is unfit for human habitation or commercial, industrial, or business use and does not comply with the applicable codes or has been ordered secured to prevent its use in connection with drug crimes or constitutes and endangerment to the public health or safety as a result of unsanitary or unsafe conditions. The use or occupation of this building is prohibited and unlawful.”

6. If the County Code Enforcement Officer has the structure demolished, reasonable effort shall be made to salvage reusable materials for credit against the cost of demolition. The proceeds of any moneys received from the sale of salvaged materials shall be used or applied against the cost of the demolition and removal of the structure, and proper records shall be kept showing the application of sales proceeds. Any such sale of salvaged materials may be made without the necessity of public advertisement and bid. The County Code Enforcement Officer and the County are relieved of any and all liability resulting from or occasioned by the sale of any such salvaged materials, including, without limitation, defects in such salvaged materials.

7. The amount of the cost of demolition and/or abatement of other violation, including all court costs, appraisal fees, administrative costs incurred by the tax commissioner, and all other costs necessarily associated with the abatement action, including restoration to grade of the real property after demolition, shall be a lien against the real property upon which such cost was incurred.

- (a) The lien provided for in the foregoing paragraph shall attach to the real property upon the filing of a certified copy of the order requiring repair, closure, or demolition in the Office of the Clerk of the Superior Court of Randolph County and shall relate back to the date of the filing of the lis

pendens notice required under Section 34 of this chapter. The Clerk of the Superior Court, as required by O.C.G.A. § 41-2-9(b)(1), shall record and index such certified copy of the order in the deed records of Randolph County and enter the lien on the general execution docket. The lien shall be superior to all other liens on the property, except liens for taxes to which the lien shall be inferior, and shall continue in force until paid. After filing a certified copy of the order with the Clerk of the Superior Court, the County Code Enforcement Officer shall forward a copy of the order and a final statement of costs to the county tax commissioner. As required by O.C.G.A. § 41-2-9(b)(1) and (2), it shall be the duty of the county tax commissioner to collect the amount of the lien in conjunction with the collection of ad valorem taxes on the property and to collect the amount of the lien as if it were a real property ad valorem tax, using all methods available for collecting real property ad valorem taxes, including specifically Chapter 4 of Title 48 of the O.C.G.A.; provided, however, that the limitation of O.C.G.A. § 48-4-78 which requires 12 months of delinquency before commencing a tax foreclosure shall not apply. The tax commissioner shall remit the amount collected to the County Code Enforcement Officer. Thirty days after imposition of the lien, the unpaid lien amount shall bear interest and penalties on unpaid real property ad valorem taxes.

- (b) The tax commissioner shall collect and retain an amount equal to the cost of administering a lien authorized by O.C.G.A. § 41-2-7, et seq., unless such costs are waived by resolution of Randolph County. Any such amount collected and retained for administration shall be deposited in the general fund of the county to pay the cost of administering the lien.
- (c) The County may waive and release any such lien imposed on property upon the owner of such property entering into a contract with the County agreeing to a timetable for rehabilitation of the real property of the dwelling, building, or structure on the property and demonstrating the financial means to accomplish such rehabilitation.
- (d) Where the abatement action does not commence in the Superior Court, review of a court order requiring the repair, alteration, improvement, or demolition of a dwelling, building, or structure shall be by direct appeal to the Superior Court under O.C.G.A. § 5-3-29.
- (e) The County Code Enforcement Officer designated herein may issue citations for violations of state minimum standard codes, option building, fire, life safety, and other codes adopted by ordinance, and conditions creating a public health hazard or general nuisance, and may seek to enforce such citation in a court of competent jurisdiction prior to issuing a complaint in rem as provided in this ordinance.

- (f) Nothing in this ordinance shall be construed to impair or limit in any way the power of the Randolph County Commission to define and declare nuisances and to cause their removal or abatement by summary proceedings or otherwise.

Such notice shall have the same force and effect as other lis pendens notices provided by law.

Orders and other filings made subsequent to service of the initial complaint shall be served in the manner provided in this ordinance on the owner and any party in interest who answers the complaint or appears at the hearing. Any party who fails to answer or appear at the hearing shall be deemed to have waived all further notice in the proceedings.
